(1) Some competitive categories possess an abundance of exceptionally talented officers, yet command opportunity is limited. When operational command opportunity is selected from separate AZ and IZ competitive categories, selecting to the maximum number of selects outlined in the table above should not be satisfied at the expense of quality. By majority vote, the board may interchange operational quotas between AZ/IZ competitive categories within the same community (i.e. HSM, VAW, etc).

(2) The board need not select to the maximum number of selects outlined in the table above. The maximum number of selects should only be attained if there are a sufficient number of candidates determined fully qualified. Should the board deem that an insufficient number of officers of command caliber exist in a particular competitive category, this finding will be included in the board report.

b. Qualified Insufficient Opportunity. In each competitive category there may be officers whose records clearly meet selection criteria but miss selection because of limited quotas. The board shall identify such officers to the Recorder, and those names will be annotated in the recorder’s ledger. In the board report, officers selected as QIO will be ranked in order of merit within each competitive category. However, the QIO list will not be published to the Navy or the public.
Subj: ORDER CONVENING THE FY-18 ACTIVE AVIATION COMMANDER COMMAND SCREEN BOARD

(1) The maximum number of QIOs in each competitive category is listed below. By majority vote, the board may deviate from this if it so deems based on quality. Any deviation will be included in the board report.

(2) Unlike a recommendation for selection, an individual may be recommended as a QIO in multiple competitive categories.
Subj: ORDER CONVENING THE FY-18 ACTIVE AVIATION COMMANDER COMMAND SCREEN BOARD

(3) Should a need arise during the year for an additional officer to fill a command, an officer from the QIO list so identified in the board report shall be considered qualified and additional administrative screen procedures need not be pursued. Officers shall be selected from the board report according to order of merit and subject to assignability.

(4) QIOs may be on multiple QIO lists until such time as the individual is required to fill a command billet. Once the QIO officer is selected to fill a command billet, that officer is considered a command select and will be removed from all other QIO lists.

4. Additional Guidance. The below information is provided to clarify community requirements and any specific needs, but in no way should replace the Best and Fully Qualified Standard of reference (a).

a. Naval Aviation. Naval Aviation is first and foremost an aerial combat force and values the attainment of warfare qualifications and leadership both in the air and on the ground. The Naval Aviation Enterprise continues to value the war fighting ability and tactical excellence required for Operational Commanders to excel in combat. Therefore, as an aviation officer progresses in his/her career, achievement of community specific warfare qualifications should be documented in the officer’s official record. The ultimate measure of success within the aviation community is sustained superior performance in operational environments.

b. Aviation Command (Test and Evaluation). Eligible officers must have served in either a fleet Department Dead (DH) tour (URL or AEDO) or in an AEDO 04 milestone tour (In accordance with the Secretary of the Navy approved community brief) with at least one observed fitness report. Ideal candidates will have accumulated leadership experience in acquisition billets within test commands and program offices.

c. AMDO (1520) Command and Command Equivalent

(1) AMDO command consists of the 33rd Maintenance Squadron, and equivalent tours consist of CVN Maintenance Officer and Fleet Readiness Center (FRC) Officer in Charge.
Subj: ORDER CONVENING THE FY-18 ACTIVE AVIATION COMMANDER COMMAND SCREEN BOARD

Due consideration should be given to candidates with diverse experience at-sea and ashore in various squadron and aviation component repair facilities.

(2) The AMDO Second Command-in-Grade equivalent tour is as a Level III (Depot) FRC Production Officer.

d. LDO (63XX) Command

(1) All IZ and AZ eligible officers will compete for command quotas in Center for Naval Aviation Technical Training Units (CNATTU). AZ eligible officers not selected for CNATTU will also compete for Special Mission command.

(2) To best afford officers the opportunity to serve the Naval Aviation Enterprise beyond the 05 paygrade, the board should give due consideration to the selection of officers who will not reach statutory retirement (35 years and one month of active service) prior to in-zone consideration for promotion to 06. Because promotion zones are adjusted each year, there is no absolute predictive standard by which to identify those who will statutorily retire prior to being in-zone for promotion to 06. As a general rule, officers commissioned with more than 14 years of enlisted service stand a higher likelihood of statutorily retiring before being considered in-zone for 06. This guidance in no way replaces the fundamental tenet of selecting the best and fully qualified candidate.

e. Joint Professional Military Education (JPME). Per NAVADMIN 136/10, all URL officers who screen for commander command after 15 April 2010 must complete JPME Phase 1 prior to assuming command.

f. Bank Review (Re-screen). To ensure standards of performance are maintained, the records of those officers previously selected to Commander Command (or equivalent) or Second Command-in-Grade (or equivalent) who have not yet reported to their ultimate command shall be reviewed. Board members should review these records for indications of a significant decline in performance or for non-medical material submitted subsequent to the last board which casts doubt upon their qualifications for command.
Subj: ORDER CONVENING THE FY-18 ACTIVE AVIATION COMMANDER COMMAND SCREEN BOARD

(1) Those officers whose records, in the opinion of a simple majority of the board, contain indications of declining performance shall be reported to the Commander, Navy Personnel Command. This report shall include a recommendation regarding their continuance on the Aviation Command List.

(2) Officers eligible for re-screen are authorized to administratively participate in the board in accordance with ref (d).

2. Disqualifying events

   a. Previously Selected/Slated Officers

      (1) Commander Command

         (a) Those officers who have been previously selected for and/or slated to commander command (or equivalent) are ineligible for subsequent command selection with the exception of the second command-in-grade competitive category.
