a. The board need not select to the numbers provided. The authorized number to select should only be attained if there are a sufficient number of candidates determined fully qualified. Should the board deem that an insufficient number of officers of major command caliber exist in a particular competitive category, this finding will be included in the board report.

b. Qualified but Insufficient Opportunity (QIO). In each competitive category there may be officers whose records clearly meet selection criteria but miss selection because of limited quotas. The board should identify such officers to the Recorder and those names will be annotated in the Recorder’s ledger. In the board report, officers selected for QIO will be ranked in order of merit within each competitive category. However, the QIOs will not be published to the Navy or the public.

(1) The selection of QIOs is authorized for all competitive categories listed below.

additional administrative screen procedures need not be pursued. Officers shall be selected from the board report according to order of merit and subject to assignability.

(4) QIOs may be on multiple QIO lists until such time as the individual is required to fill a major command billet. Once the QIO officer has been notified of the intent to employ him/her in a specific major command billet, he/she is considered a major command select and is no longer eligible as a QIO on any other major command list.

4. Additional Guidance. The below information is provided to clarify community requirements and any specific needs, but in no way should replace the Best and Fully Qualified Standard of reference (a).

a. Proven and sustained superior performance in command or other leadership positions in difficult and challenging in-service assignments, joint assignments, individual augmentation assignments, and Global War on Terrorism Support Assignments (GSA) is the definitive measure of fitness for selection. Each board member shall apply this guidance when deliberating and voting.
