1. **Policy**

   a. Both the electronic service record (ESR) Administrative Remarks section and the NAVPERS 1070/613 Administrative Remarks filed in the official military personnel file (OMPF) are used to provide a chronological record of significant miscellaneous entries which are not provided for elsewhere, or to provide more detailed information required to clarify entries in other military human resource documents. NAVPERS 1070/613 can be accessed using the following link:

   b. **Adverse Administrative Remarks**

      (1) Except as indicated below, adverse entries shall not be made, unless the member concerned is first afforded an opportunity to submit a written statement regarding the adverse material. Should the member not desire to make a statement, the member shall state so in writing. Should the member refuse to acknowledge this right, or refuse to make a written statement documenting the decision not to make a statement, the commanding officer shall document the refusal in writing.

      (2) The following types of entries may be made without a written statement or declination from the member:

         (a) Nonjudicial Punishment (NJP);
(b) Civil conviction;

(c) Unauthorized absence; or

(d) Any other matters to which the member concerned previously had an opportunity to respond by submitting a statement in rebuttal.

c. Administrative Remarks entries are classified as either "temporary" or "permanent," which determines the disposition and retention of an individual entry.

d. Administrative Remarks entries shall be made in the ESR and verified. If the issuing command does not have ESR access, NAVPERS 1070/613 may be created manually and submitted to the servicing personnel office in order for the remarks to be transcribed into the ESR, verified, and distributed. An Administrative Remarks entry is not considered valid in the ESR until verified.

Note: Administrative Remarks entries created by a Navy recruiting activity as part of the accession process for Navy applicants are not required to be entered into the ESR.

2. Creating Administrative Remarks

   a. Using NAVPERS 1070/613 to document Administrative Remarks entries outside the ESR (Manually).

**c. Making Entries**

(1) **Temporary Administrative Remarks Entries.** This designation is used for entries that only apply at the current command, acknowledgements that only apply to the current enlistment or reenlistment, or those that have a defined expiration date. Examples of these entries are as follows:

(a) Volunteered for special duty;
(b) Member has read and understands regulations;

(c) Member has attended or been briefed on Navy's policies (e.g., sexual harassment, security, hazing, indoctrination, liberty etc.); and

(d) Other temporary entries routinely entered by a personnel office (e.g., basic allowance for housing (BAH), selective reenlistment bonus (SRB) payments; special duty assignment pay (SDAP), responsibilities while on limited duty (LIMDU), permanent change of station (PCS) screenings etc.).

(2) **Permanent Administrative Remarks Entries.** This designation applies to entries mandated by regulation or correspondence from higher headquarters to be filed in the OMPF (older regulations may still use the term “permanent service record”). These entries include, but are not limited to, the following:

(a) Enlisted disciplinary action;

(b) NJP (also referred to as captain's mast) where pay is not affected;

(c) Civil conviction;

(d) Unauthorized absence;

(e) Entries required as a result of adverse performance evaluation reports, and for members that refuse to sign performance evaluation reports;

(f) Enlisted physical fitness assessment failures;

(g) Retain in service;

(h) Performance or conduct deficiencies;

(i) Sea duty counter or credit; and

(k) Time-in-rate date change.

(3) **Civil Conviction and NJP**

(a) The following “permanent” entries are required even if an appeal has been filed:
<table>
<thead>
<tr>
<th>Entry for...</th>
<th>shall include...</th>
</tr>
</thead>
</table>
| Civil conviction or action taken by civil authorities which is tantamount to a conviction, whether it is a misdemeanor or felony, which comes to the command’s attention. | • date of conviction or action  
• final charge and specific action for which member was found guilty  
• court in which convicted  
• sentence of the court |
| NJP when pay is not affected | • date of offense  
• nature of offense, cite article from reference (a).  
• date of NJP  
• punishment awarded |

(b) In the event the civil conviction is overturned or the NJP appeal is granted, a request for correction to the member's OMPF and ESR shall be made by official naval letter with copies of supporting documentation to Navy Personnel Command (NAVPERSCOM), Records Management Policy Branch (PERS-313) copy to NAVPERSCOM, Personal Performance, Security, Separation Division (PERS-83).

(4) All entries in the ESR shall be verified by a personnel supervisor authorized in writing to sign service record documents.

(5) Entries requiring a member's signature shall be dated and signed by the member. Should the member refuse, the commanding officer shall document the refusal in writing. All signatures shall be in black or blue black ink.

3. **Disposition**

   a. Temporary Administrative Remarks entries are retained in the ESR until purged from the system on the removal date that was entered at the time the entry was made. Paper copies maintained by the command will be destroyed after the member transfers or is separated.

   b. Permanent Administrative Remarks entries shall be printed, signed, and submitted to the NAVPERSCOM (PERS-313) for filing in the OMPF at the time they are created.

   (1) The supporting personnel office will submit
documents to the OMPF using the e-submission application on BUPERS Online. The supporting personnel office will provide a copy to the member and maintain a copy on file until OMPF receipt and acceptance is verified.

(2) Electronically signed documents will not be accepted until the OMPF is capable to accept them and specific approval has been provided regarding submission procedures.

4. **Corrections**

a. Unverified ESR transactions are considered “pending” and may be corrected or deleted by the servicing personnel office at any time prior to verification.

b. Temporary Administrative Remarks entries may be deleted or corrected by the servicing personnel office, if created in error, or if it is readily apparent on the face of the document that a clerical error was made.

c. Permanent Administrative Remarks entries shall not be corrected without approval of NAVPERSCOM (PERS-313) or the Board of Corrections for Naval Records (as applicable).

(1) For obvious clerical errors, create a new corrected remark in the ESR, with the words "CORRECTED COPY" typed at the end of the subject line. Save, print, and sign the corrected document, but do not verify the document in ESR. Submit the corrected copy along with a copy of the original to NAVPERSCOM (PERS-313) under cover letter explaining the error, and requesting the original entry be replaced by the corrected entry. NAVPERSCOM (PERS-313) approval will be the authority for the NSIPS help desk to delete the original entry and verify the corrected copy.

(2) If the change requested creates a retroactive entitlement to pay and allowances, is a material change, or involves a matter of opinion, judgment or the exercise of discretion, submit the request to the Board for Correction of Naval Records per MILPERSMAN 1000-150.
