CONVERSION TO THE NAVY COUNSELOR (NC) RATING (LESS CAREER RECRUITER FORCE (CRF))

1. Background

   a. The Navy counselor (NC) rating (less career recruiter force (CRF)) assists commands in organizing and implementing an aggressive enlisted command career development and retention program. NCs are the commands’ principal advisors on policies and regulations related to Navy career planning matters. They are charged with:

   (1) Evaluating enlisted career development programs at their command and subordinate commands.

   (2) Coordinating interviewing and counseling efforts.

   (3) Providing primary technical assistance and guidance to the command career development team.

   (4) Maintaining awareness of revisions and initiatives in career development programs through access to Navy directives, reference materials, experience, and regional training.

   (5) Counseling individuals and providing presentations to naval personnel and their family members on the advantages and initiatives in career development programs.
(6) Establishing and maintaining liaison with Office of the Chief of Naval Operations (OPNAV), Force Shaping Plans and Policy Branch (N132); Bureau of Naval Personnel (BUPERS), Military Community Management (BUPERS 3); fleet and echelon 2 counselors; and command leadership on training, programs and policies.

b. Due to the distinct purpose and unique nature of duties involved in the NC rating, the quality of personnel selected is of paramount importance and requires strict adherence to eligibility criteria, procedures, and policy for conversion to the NC rating (less CRF).

c. The Command Career Counselor (CCC) Program provides for assignment of personnel in ratings other than NC (less CRF) to perform full time CCC duties. Requirements and qualifications are contained in MILPERSMAN 1306-905.

6. Selectees

a. Personnel selected will convert upon successful completion of the CCC Course (A-501-0011) or directly convert, if they completed the CCC course within the last 36 months at time of selection and currently hold NEC 806R. If approved for direct conversion, the effective date of conversion will coincide with TOS, prescribed sea tour, or DoD tour completion date.

b. Petty officer second class selected for conversion:
(1) Will be detailed to their first rated NC assignment with CCC Course enroute or upon advancement to NC1.

(2) Who fail to successfully complete the CCC Course will be reverted as outlined in paragraph 8 of this article and MILPERSMAN 1440-040.

d. Personnel selected for conversion must maintain all eligibility requirements as outlined within this article. Failure to maintain eligibility requirements will automatically result in an administrative review by a panel of 3 fleet/force career counselors to include the administrative chain of command. This panel will report suitable or unsuitable findings to NC ECM for further guidance.

e. Initial assignment will be sea duty for a prescribed sea tour or a minimum of 24 months.

7. **Forced Conversions**

   a. Forced conversions into the NC (less CRF) rating must meet all service and eligibility requirements as set forth within this instruction.

   b. Personnel terminated from CRF are not eligible for reversion/conversion to the NC (less CRF) rating (non-waiverable).

   c. Personnel receiving formal disciplinary action for minor infractions (e.g., NJP or civilian court) will not normally be considered for forced conversion out of the NC (less CRF) rating on the first offense. The command shall enroll these personnel in a formal probationary period, not to exceed 1 year, and provide appropriate counseling, training, or as required, process the member for administrative separation. Personnel placed on formal probation will receive NAVPERS 1070/613 Administrative Remarks documenting the probationary period duration, counseling, and retraining plan. The entry will contain a statement concerning the potential for forced conversion or administrative separation for failure to complete the probationary period and or additional formal disciplinary action within the probationary period. NAVPERS 1070/613 entry
must be acknowledged in writing by the individual and witnessed preferably by the command master chief.

d. In addition to a loss of any of the prerequisite qualifications or CO’s loss of confidence, personnel should be considered for forced conversion if they have been convicted of crimes such as fraternization, theft, assault, or any other incident that significantly diminishes their credibility, personal integrity, and impairs their ability to perform expected career counselor duties.

8. No Fault Reversion/Conversion

a. No fault reversion is intended for personnel who are experiencing some limiting deficiency that was not apparent at the time of request for conversion to NC (less CRF).

Requests for reversion of personnel whose suitability for continued service in the NC (less CRF) rating will be sent to NAVPERSCOM (PERS-81) via CO and NCCM (less CRF) in the applicant’s administrative chain of command. Such requests must include a detailed description of the circumstances or reasons why member is no longer eligible to perform the duties of the NC (less CRF) rating and be adequately supported, in fact by enclosures (e.g., evaluations, counseling sheets, witness statements, documentary evidence, etc.).

c. Reversion is not derogatory and will not be interpreted unfavorably in any subsequent detailing or board action.

d. For the administrative removal from an assignment for substandard behavior or substandard performance of duty, comply with MILPERSMAN 1616-010, Detachment for Cause (DFC) of Enlisted Personnel.

9. Waivers. Eligibility criteria, as set forth in this article, are necessary to ensure manning and command stability, equitable treatment for those competing from various ratings, and equal consideration for all conversion requests.

a. Waivers will be considered by NC rating ECM on a case by case basis.

b. Where required, applicant or endorser shall indicate waiver required and cite justification.
