ADMITS Web Application Information

ADMITS is back online, with limited capability, and commands should submit Drug and Alcohol Reports (DARs) held on station while the system was offline; enter new incidents and referrals; conduct record checks. Additionally, Substance Abuse Rehabilitation Program (SARP) Counselors are encouraged to enter screening and treatment records, where applicable, once DARs had been submitted by the command.

Submission of Drug and Alcohol Reports (DARs) is critical to ensuring members are screened and when recommended, treated at a Substance Abuse Rehabilitation Program (SARP). DARs also provide Navy leadership trend analysis to make informed decisions about Navy substance abuse policies and prevention efforts.

Commands should continue to submit DARs (incidents/referrals) that occurred while the system was inaccessible. To ensure all DARs are submitted via ADMITS, commands should review and compare DAPA files to the official ADMITS electronic record. Conduct an ADMITS “Record Check” to identify whether a DAR was submitted for an individual. Lastly, all members screened by SARP require a DAR submission. DAPAs should engage with SARPs, if needed, to identify any command personnel who were screened for incidents and referrals and do not have an electronic DAR.
