OBJECTIVES

- What we do...
- What we can schedule for you...
- Scheduling Order of Events...
- Scheduling Conference...
- Conference results...
- (UTES) Unclassified Test & Evaluation Support...
- (EFSR) Emergent Fleet Service Requests...
- What you can do to help us...
- Points of Contact...

What We Do...

- **BLUF...**“We present your fleet support requirements to the fleet resources providers in order to gain ship, submarine, and aircraft support assignments.”
- **Represent COTF, VX Squadrons, Developmental Testing (DT) Agencies, and CNO 842 at Quarterly Fleet Scheduling Conferences**
- **Manage testing requests through variety of venues**

Scheduling Order of Events

1. CNO sends quarterly call letter... 9 months prior
2. UTES requests are entered by OTD by deadline
3. Data entered into WEBSKED (SIPR)
4. Fleet Scheduling Conference (CTF80 & C3F)... (5-6 months prior to the quarter)
5. Receive your “marching orders”

Fleet Scheduling Conference

Each request is reviewed and assigned:

ASSIGNED UNIT: Self explanatory

★ **DIRLAUTH:** You have permission to talk to the command(s) listed

OPEN: No units assigned... however your request not necessarily denied...will continue to be investigated

NO FILL: Request for support was denied

Conference Results (cont.)

- Results are posted on C3F/CTF80 SIPR Website and reflected in WEBSKED & UTES.
- Follow up e-mail and/or phone all valid POCs with the results of their service requests

About CNO Scheduling Priorities....

- PRI 1 (highest)**
- PRI 2 (most common)**
- PRI 3 (lowest)**

- PRI 1... requires a letter signed by the Admiral... PRI 1 example : “Program or money will suffer if not scheduled as requested”...**

About Fleet (CTF80 & C3F) Scheduling Priorities...

- CTF80/C3F priorities:
 - PRI 1: Forward deployed forces
 - PRI 2: Deployment certification
 - PRI 3: Major joint exercises
 - PRI 4: Inter-deployment training
 - **PRI 5: = Any CNO PRI 1 projects**
 - **PRI 6: = Any CNO PRI 2 (routine ops)**
 - **PRI 7: = All other CNO projects**

Methods to enter Fleet Requests

1. Unclassified Test & Evaluation Support (UTES)
 - Web based
 - 2 quarters and more ahead
2. Emergent Fleet Service Requests (EFSR)
 - Naval Message
 - Within 2 quarters...including quarter in progress
3. Classified message request (only if absolutely necessary)
4. Message requesting support within C5F, C6F, or C7F AORs

Both... UTES & EFSRs:

Provide: Who, What, Where, When, Why, How, Impact

- Pre selected platform when known... if possible USS WASP vs. any LHD
- List training available and/or required for the service provider
- Valid POC's... with email and phone

Both... UTES & EFSRs (cont)

- Level of support is required...”
 - **DEDICATED:** Full attention of the supporting unit(s)
 - **CONCURRENT:** Permits other employment of the supporting unit(s) i.e. activities not RDT&E related... but could have an operational impact.
 - **NTI (Not-to-Interfere):** No significant interference with primary mission

** Ships are limited in steaming days per quarter.**

EFSR ...message

- Neither CTF80 or C3F give you increased priority for EFSRs
- Requires endorsement by Program Sponsor
- Message sent to CNO and endorsed by CNO 842

WEBSKED...SIPRNET ONLY

- CNO directed fleet scheduling tool for all Navy (<http://websked.c4i.clf.navy.smil.mil>)
- All services entered into same database (DB) for priority comparison, combining and scheduling
- Fleet reviews requirements in the same DB in which they draft and submit proposed schedules
- Allows anonymous user to review schedules

How can you help

- Valid request for your needs
- Training/services available to fleet assets
- Use UTES and review WEBSKED
- Contact the assigned unit ASAP
- Keep Fleet Resources (Schedules) informed of changes
- Get requests into UTES on time

Takeaways

- Enter requests into UTES before deadline to increase chance of getting a fleet asset scheduled
- Once approved and in contact with fleet unit, OTDs/PMs should provide amplifying information in a timely manner and coordinate testing
- Keep Fleet Resources in the loop. Provide updates on completion of testing, program schedule “slides”, or any important changes in your fleet asset requests
