

**A SUCCESSFUL
TRANSITION IS
DEPENDENT UPON
YOUR PREPARATION**

1. **Civilian Clothes:** Whether or not you are scheduled for a commercial flight, bring a complete set of civilian clothes with you to WTP. A limited selection of civilian clothes is available at the Sembach PX. Travel plans can change at the last minute. Civilian clothes, uniforms, or PT gear are all authorized for wear while you are at WTP.

2. **Separate your gear:** The gear drop process will go faster if you have already separated all your turn-in gear from your uniforms and personal gear and packed them in separate seabags.

3. **Contact Your Command:** Once you know the approximate date of your return, contact your Command to communicate any concerns, transportation, berthing or family needs.

4. **ECRC Newsletter:** The ECRC monthly newsletter is an invaluable resource for both you and your family during deployment. If you are not receiving an e-mail copy contact ECRC at: ecrc.hq.fct@navy.mil

WARRIOR TRANSITION PROGRAM — PREPARING FOR YOUR RETURN HOME

AT YOUR DEPLOYMENT SITE

Planning your return is your responsibility!

1. 60-45 days out from your BOG date contact your in-country NAVCENT Forward Headquarters to obtain a **Warrior Transition Program (WTP) Quota**. Ensure your request date is at least ten days prior to your BOG date. Sailors

assigned in Kuwait should contact WTP directly for your quota and coordination with Kuwait LNOs for follow on travel.

2. Prior to detaching from your deployment Command you must have a stamped and signed set of your **Transfer Orders (Demobilization Orders for Reservists)**, a **Theatre Release Letter** (signed by an O-6), and copy of your **Travel Itinerary**. Have these items in your hands when you check into WTP.

3. Check your **Military ID Card**. Inform the WTP staff immediately upon arrival if your ID Card expires within 30 days of your BOG date or is damaged.

4. Review the Gear Turn-In Information and Document at: www.cusnc.navy.mil/ctf-ia/ctf-ia.htm

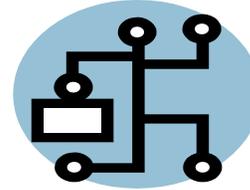

YOUR TIME AT WTP

WTP is located in Sembach, Germany. Immediately upon arrival at Ramstein, Germany, WTP staff will coordinate your transportation to Sembach (45 minute bus ride). Once in Sembach you will turn-in your weapons, receive your schedule, your billeting assignment and room key fob.

WTP Schedule:

1. Day One: **Gear Sort and Weapon Turn-in**. After the gear sort and weapon turn in you will attend an **Admin Brief** where you will get detailed information about the rest of the WTP process.

2. Day Two: **Workshop** to facilitate a positive beginning for the journey home. **Weapon cleaning** will take place after the workshops. Weapons must be cleaned to inspection standards and free of all oils prior to turn-in. Depending on class size and schedule, organized weapon cleaning times may be scheduled.

You will complete several requirements prior to your departure.

3. Day Three: **Gear Drop** is where each Sailor will turn in their Army or Navy issued gear. Gear must be free of “pinchable dust.” The details of the gear turn in list is located at: www.cusnc.navy.mil/ctf-ia/ctf-ia.htm

4. Day Four: **Departure Brief** will contain information regarding your flight. Normally the rotator leaves Ramstein early Monday morning and arrives in Baltimore sometime that afternoon. Follow-on travel arrangements to your NMPS will be arranged by WTP. After the departure brief you will be able to complete an internal WTP feedback survey.

NOTE:

Your follow on travel to your parent command will be coordinated by your NMPS.

Commercial Flights: If you are scheduled for a commercial flight you will be flying out of Frankfurt International airport hour and a half drive. Your travel to the airport will be coordinated by WTP personnel. **Civilian clothes are required for commercial flights.**
