### #651: Grill Safety 101

Step 1: Place charcoal in grill. Step 2; Spray charcoal with lighter fluid. Step 3: Light charcoal with match or lighter. Step 4: Spray dwindling flames with more lighter fluid. Step 5: Call an ambulance.

Today's risk management quiz...How many of us have done this? With BBQ season upon us, let us remember it is better to buy the ready light charcoal than do this and risk missing out on the chicken because you are waiting in line at the emergency room.
