### *Space and Naval Warfare Systems Command Awards Contract*

SAN DIEGO — BAE Systems Information and Electronic Systems Integration Inc. - Electronic Solutions, Wayne, N.J., is being awarded a \$34,517,049 indefinite-delivery/indefinite-quantity contract for the Systems Engineering and Integration of the Multifunctional Information Distribution System Low Volume Terminals (MIDS-LVTs). In support of MIDS-LVT production, BAE shall maintain MIDS-LVT software. The MIDS-LVT provides secure, high capacity, jam resistant, digital data and voice communications capability for U.S. Navy, U.S. Air Force, U.S. Army platforms, and the platforms of the nations of France, Italy, Germany and Spain. Work will be performed in Wayne, N.J. (98 percent), and Paris, France (2 percent), and is expected to be completed by September 2015. Contract funds will not expire at the end of the current fiscal year. This contract is a sole-source acquisition. The Space and Naval Warfare Systems Command, San Diego, Calif., is the contracting activity (N00039-10-D-0060).
