

# Space and Naval Warfare Systems Command

January 20, 2015

Presented to:  
**AFCEA**

**RADM Dave Lewis**  
Commander

# Position Report:

## *First 150 days*

### ▼ Stepping On-board and Commander's Intent

- Fleet perceptions
- Personal Experience w/ SPAWAR
- Current environment

### ▼ What we're doing well (the "goods")

- Ex. modernizations & sustainment
- Common threads

### ▼ Where we can improve (the "others")

### ▼ New Strategic Plan to advance near and long-term capabilities

"Control of the information is going to be the key to the future. SPAWAR is the information dominance systems command and the technical agent providing and sustaining fleet capabilities through the entire spectrum."

- Chief of Naval Operations

# Multiple Award Contract (MAC)

## SPAWAR Enterprise-wide Working Group

### ▼ Why a working group?

- Feedback from ASN (RD&A) small business roundtables
- Procurement Action Lead Time (PALT) and contract actions volume

### ▼ Working group charter

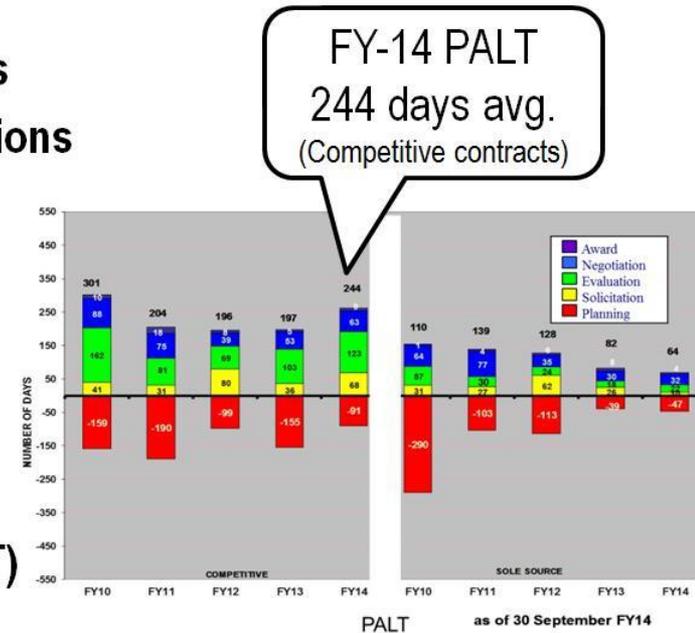

- Evaluate contract solicitation through implementation
- Competition, affordability, PALT, personnel resources

### ▼ Process

- 12 of 96 MACs selected for review (3 HQ, 3 PAC, 6 LANT)
- Industry representation for each MAC – transparency

### ▼ Preliminary Observations / Priorities

- Forecasting of work
- PALT
- RFP evaluation and instructions
- Final written report due March 2015

# Questions & Answers
