

MICHAEL MURPHY

Hawaii Key Fact Sheet

****A GREAT RESOURCE for all this information is the book YOUR MILITARY IN HAWAII, THE OFFICAL MILITARY GUIDE. This guide can be obtained by contacting the Hawaii Fleet and Family Support Center at (808) 474-1999 or www.greatlifehawaii.com. The information in this fact sheet was consolidated by PCU MICHAEL MURPHY (DDG 112), but please note, items may be subject to change and it is always recommended to check with your Chain of Command, local Personal Property Office, and Fleet and Family Service Center before making final arrangements.****

PREPARING FOR HAWAII

Ship's Schedule:

- | | |
|---------------------|---------|
| 1. Delivery | 10FEB12 |
| 2. Crew Move Aboard | APR12 |
| 3. Sailaway | JUN12 |
| 4. Commissioning | TBD |

What you need in your orders

1. One of the most important factors on your orders is your accounting code. Orders consist of three primary accounting codes: ACC 100, ACC 106, and ACC 351. ACC 100 orders assign a Sailor to the USS MICHAEL MURPHY home ported in HI. These are your final set of orders. Sailors under ACC 106 provide for PCS to the PCU or PCD while 352 orders place Sailors in a temporary duty status. For Sailors under ACC 106 orders, MPM 1306-802 states that "approximately four months prior to the ship being placed 'In Service', a second set of PCS orders will be issued entitling the member to move family members/household goods to the ship's homeport."
2. You may ship personal property anytime after you receive your official orders, ACC 100.
3. It is recommended to have a power of attorney developed for your spouse. This can be obtained through your local legal office or the ship's Legal Officer.

E-5	9,000	7,000
E-4	8,000	7,000
E-3 to E-1	8,000	5,000

Multiple shipments

There are two shipments authorized:

1. Accompanied Shipment consists of your primary HHGs shipment. This shipment can take up to 65 days.

2. Unaccompanied Shipment (express shipment) takes up to 35 days. This is limited to clothing, linens, dishes, towels, cooking utensils, and other house keeping items. Also included are cribs, playpens, baby carriages and articles necessary for the immediate care of your children. Small radios, portable televisions, sewing machines and small appliances may also be shipped. This Unaccompanied baggage will not exceed 600lbs for the service member and 200 lbs for each dependent.

Non-Temporary storage is an option as well. Military members can elect to have the military store all, or part of their household goods on a permanent basis, up to their maximum weight allowance, until the completion of the orders to the ship. This option is made available automatically to all shipboard command members.

Note: Sailors transiting to PCU Bath under ACC 352 orders are entitled to a DITY move with a weight allowance of 400-600lbs. Upon the transit to the new homeport of HI, this personal property can be shipped at the unaccompanied shipment for that Sailor. This will however leave those Sailors dependents without an unaccompanied shipment at their debarkation point.

Vehicles

1. All Sailors (either ACC 106 or 352) to Bath, are authorized to ship one privately owned vehicle at government expense. All vehicles will be shipped via the nearest Vehicle Processing Center (VPC). The VPC nearest Bath is located in New Jersey. Additional VPC locations can be found at: <https://www.wherismypov.com/locations.asp>.

2. You must have permission from the lien holder to transport (call your lien holder prior to setting up your shipment).

3. If your vehicle is co-registered, you must show permission to ship vehicle.

4. Approximate time to ship is 60 days from East Coast and 21 days from the West coast.

5. There are many requirements that you will need to meet in order to use your vehicle in HI. At a minimum, all personal vehicles must be safety inspected and registered within 10 days after arrival on the island.

a. Insurance – You have to ensure that your insurance carrier is licensed to do business in Hawaii. If that is the case, you will need to have the carrier switch you over to a no-fault plan meeting Hawaii’s minimum coverage standards. If your carrier is not licensed to offer coverage in Hawaii, then obtaining proper insurance with a new company needs to happen immediately.

b. Annual Vehicle Inspection – Go to a certified inspection station, in most cases these are gas stations, but they can run the gamut from repair shops to independent operators. An

inspector will do a thorough check on the major systems (steering, alignment, suspension, tires, brakes, lights, etc.) of the vehicle just to make sure everything is in working order. Generally the fee for this service is in the neighborhood of \$15.

c. Permits for Out-of-State vehicles - From the day you drive your vehicle off of the shipping barge with your out-of-state plates still attached, you have 10 days to either make the transfer to Hawaii plates or obtain a permit. Getting a permit and registering a vehicle are relatively similar. A permit is temporary and generally will not exceed 12 months.

(1) Fill out an out-of-state vehicle permit form.

(2) Current registration

(3) Hawaii Inspection Certificate

(4) Pay a \$10 initial fee.

d. Final Registration Step – the following is what you will need to bring to (or complete at) the motor vehicle office:

(1) Registration application form

(2) Current registration card

(3) Vehicle title (if it is in your possession and not with a lender)

(4) Hawaii inspection report noting the vehicle passed inspection and is insured

6. You may ship a second vehicle at your own expense with any vendor that you wish. You may contact Kristine Nelson for a proper vehicle-processing center.

7. To track shipment of vehicle use this website: www.whereismypov.com

Pets

1. Hawaii is the only state in the US that is rabies-free.

2. All dogs and cats regardless of age must comply with Hawaii's dog and cat import requirements.

a. To start process, a specific rabies test (OIE-FAVN test) must be conducted no less than 120 days, and no more than 18 months prior to arrival in Hawaii.

b. All pets will have an electronic micro chip.

c. The micro chip number must be included on the results of the rabies test.

d. A health certificate issued by an accredited veterinarian within fourteen days prior to arrival is required.

- e. Different rules apply to puppies and kittens vs. dogs and cats.
3. For a step-by-step brochure on everything you need to know and do regarding shipping your pet, see the animal quarantine brochure at <http://.hawaii.gov/hdoa/ai/aqs/aqsbrochure>

Note: This can be a long process. All animals that have not met the requirements prior to arrival in Hawaii will be quarantined. Additionally many airlines impose restrictions on travel for animals during hot summer months.**

Housing in Hawaii

Civilian Sector Housing

For all Sailors not qualified for military housing and or interested in residing in the civilian sector, housing options can be found using the Automated Housing Referral Network (AHRN). AHRN is a Department of Defense- sponsored site featuring available off-base housing referrals for service members. It is designed to improve the process of securing available housing for relocating military members and their families.

Military Housing

Hawaii offers a wide range of military housing available to Sailors with dependents. All military housing is privatized and maintained by Forest City, 877-299-4012. A complete listing of housing available can be found on the following website: <http://www.fcnavyhawaii.com/>.
