Specialty Care

USNH Yokosuka is the second largest military hospital in the Western Pacific, offering a wide range of specialties. It is not a major medical center however, so Japanese hospitals are occasionally used for specialty care and diagnostic testing. Patients may also be transferred to other military treatment facilities via the aero medical evacuation system (MEDEVAC). Common destinations include USNH Okinawa, Tripler Army Medical Center, and Naval Medical Center, San Diego. Family members must have current passports at all times and non-U.S. passport holders must be prepared to acquire visas for entry into the United States or stop-over locations such as Osan Air Base, South Korea.

Health Promotion Department

This department promotes the voluntary adoption of positive lifestyle and behavioral changes through awareness, education, and intervention strategies. Available classes include: tobacco cessation, stress management, cholesterol awareness, weight management and commissary tour. General military training is offered on over 12 different wellness topics. Facilitator training is also offered to health promotion coordinators of fleet and shore commands. Call 243-2615 for details.

Exceptional Family Member Program (EFMP)

EFMP is a quality of life program (OPNAVINST 1754.2) designed to identify family members with long term health care or special education needs. EFMP ensures that active duty members will be assigned to locations where the special needs of the family will be met. Enrollment is mandatory. For more information contact your command EFMP point of contact. At USNH Yokosuka call 243-5279.
