Lieutenant All Fully Qualified is a selection process conducted by PERS-80

- All officers who will have completed the LTJG statutory time in grade requirement of 24 months within the next fiscal year will normally be placed on the select list for Lieutenant if on the most recent observed regular fitness report, the officer did not receive a promotion recommendation of “significant problems” or “progressing”

All records are screened and reviewed for adverse information

- Those who are selected for promotion will be promoted on the first day of the first month following the anniversary of 24 months in grade. The monthly promotion NAVADMIN message released by CNP is the authority for promotion
Promotion to Lieutenant Junior Grade

- Commanding officers are authorized to make the initial determination as to the basic qualifications of officers under their command to serve in the grade of lieutenant junior grade (LTJG).

- Officers may be promoted to LTJG as soon as qualified, but not earlier than the date of completion of 24 months service in grade as Ensign (ENS).

  - For example, an ENS whose date of rank is 2 October 2017 will complete 24 months in grade on 1 October 2019 and will be eligible for promotion on 2 October 2019.
The Promotion Selection Board Precept:

- Signed by SECNAV
- **ONE** issued each FY and covers all O6 and below statutory boards convened for that FY
- Promulgates general guidance on the function and procedures of all statutory selection boards
- Contains the required oaths for the board members and recorders to ensure strict confidentiality of proceedings
- Addresses equal opportunity and diversity guidance
- Addresses processing and routing of promotion selection board reports
- References SECNAV approved community briefs & competency/skill information
Pre-Board (Convening Order)

- The Promotion Selection Board Convening Order:
  - Signed by SECNAV
  - Issued for EACH board and provides the authority to convene the board
  - Provides the date, time, and location of the selection board along with official list of membership, recorders, and admin support for that particular board
  - Sets the “best and fully qualified” selection standard along with the authorized percentage to select for each competitive category
  - Defines skill requirements to be considered by the board for each competitive category
  - Defines additional considerations by the board for each competitive category
Pre-Board (Preparation)

- **Two Months Prior/Three Weeks Prior:**
  - Verify eligibles based on lineal number and any changes (e.g., resignations or retirements)
  - List of eligibles sent to Selection Board Support for creation of the selection board in the Navy Selection Board System and the Navy Officer and Enlisted Board System (OEBS)
Board Recorder Week (Board Prep)

- Usually starts one week prior to the board with board recorders arrival

- Board Recorders: Verify eligibles’ record displays accurately in the Selection Board System – DONE AS A COURTESY TO ELIGIBLES!
  - Verify regular FITREP continuity for previous 5-years
  - Verify OSR/PSR accurately reflects FITREP grades and promotion recommendations
  - Verify awards and education

- IMPORTANT!! – The recorder’s verification does NOT replace an officer’s responsibility to ensure the completeness and accuracy of his/her record
Communication with the Selection Board by eligible officers:

- Letter to the Board (LTB) – see MILPERSMAN 1420-010 and annual NOTICE OF CONVENING PROMOTION SELECTION BOARDS NAVADMIN
  - Beginning 1 January 2020, Electronic Submission of Selection Board Documents (ESSBD) will be available through MyNavy Portal (MNP) – Refer to NAVADMIN 220/19 for specific details and LTB submission procedures
- NOT required, but is authorized by law
- Written communication from the eligible officer to the Board President
- Must arrive not later than 10 calendar days before convening date of the board
- Can be sent via 1) regular mail; 2) email via the cscselboard@navy.mil mailbox account, which is capable of receiving encrypted correspondence in accordance with DoD policy, or 3) through the ESSBD
- May call attention to any matter concerning the eligible officer that the officer considers important to his/her case
Communication with the Selection Board by eligible officers (cont):

- By law, a LTB MUST be considered by the board, so use discretion!!

Federal law prohibits third party correspondence, so items submitted including letters of recommendation, MUST ALL come from the eligible officer!! Refer to MILPERSMAN 1420-010 for specific guidance
Board members arrive on board convening day and review precept/convening order.

- Usually 0800 start with welcome/admin remarks.
- Members and Recorders are sworn in (Oaths).
- Mandatory SECNAV brief.
- Members proceed to the appropriate board room.
- Members are provided training on the board software application.
- Eligible records are distributed randomly to board members.
- Members begin to review and grade all above-zone (AZ) and in-zone (IZ) eligible records.
  - Member reviews all FITREPs and other applicable items in the official record of the assigned eligible and places grade, notes, and highlights on the OSR/PSR to be viewed by all board members in the “Tank.”

- Once all records have been briefed and voted, a scattergram is displayed which shows the cumulative number of votes at each confidence level.

- The floor is open for motions:
  - Tentatively select those officers that clearly warrant selection.
  - Drop from further consideration those officers that are clearly not competitive for further consideration.
  - **NOTE:** This is an overview of typical motions made by a board membership and is not meant to represent an actual “Tank” voting session.

- Those officers who remain after those tentatively selected or dropped from further consideration are considered “crunch” records and are normally re-distributed among the membership for a second review in the boardroom.
  - **NOTE:** If the first review was not done by a member of the same or similar designator, the second review **MUST BE**

Example Motion:
Tentatively select those officers 90 and above

Example Motion:
Drop from further consideration those officers 45 and below

6 eligible records remain for a second review, known as “Crunch” records
Final Selections

- “Crunch” records are reviewed and graded

- Once all complete, the records are again displayed and briefed by the reviewing member in the “Tank”
  - The record will display all markings and grades by both reviewers in different colors allowing members to differentiate which reviewer made what mark

- All members vote the record via a confidence factor (100, 75, 50, 25, 0)

- Head Recorder records the vote in the Head Recorder’s Notebook and calls out the number of YES votes with the overall confidence factor

- Once all records have been voted, the scattergram is displayed and the floor is open for voting motions

- Members vote on who, if any, to tentatively select and who to drop from further consideration
Final Selections / Adjournment

- If there are still authorized selections available, and there are officers who are neither tentatively selected or dropped from further consideration, then those remaining records continue to be “crunched”
  - Process continues until all authorized selections are filled, or the board membership does not find any additional officers that meet the selection criteria

- The Select List is verified and the board votes to confirm their selections and certify they have maintained the integrity of the selection board

- The Board Members and Recorders sign the signature pages to be forwarded with the board’s Record of Proceedings

- The Board President makes any closing remarks and adjourns the board
Post-Board (Callout)

- Randomly conducted between the Board President, DCNP and CNP – followed by a SECNAV callout

- Purpose:
  - Present Board statistic books
  - Brief Chain-of-Command on board results
  - Consider improvements to the Precept and selection board process

- NOTE: NOT EVERY BOARD HAS A CALLOUT
The Record of Proceedings (ROP)

- PERS-804 prepares and finalizes the board’s ROP and sends to the Office of the Secretary of Defense for approval
- OSD forwards the Select List to the Senate for confirmation
- The following table shows the approval/confirmation process governed by 10 USC 624 – (entire process usually takes 3 months):
