1. Date and Location

   a. This administrative selection board, consisting of you
      as president, the officers listed in enclosure (1) as members,
      and the personnel listed in enclosure (2) as administrative
      support staff, is ordered to convene at Navy Personnel Command,
      Millington, TN, at 0800, 29 October 2018, or as soon as
      practicable thereafter.

   b. The board shall proceed in accordance with all guidance
      in this letter and the FY-20 Administrative Selection Board
      Precept, reference (a).

2. Function. The function of the board is to:

   a. Recommend Aviation officers for Major Command at Sea and
      Major Command Ashore.

   b. Recommend Aviation officers for Sequential Major Command
      at Sea.
Subj: ORDER CONVENING THE FY-20 ACTIVE-DUTY AVIATION MAJOR COMMAND SCREEN BOARD

c. Recommend eligible officers as Qualified Insufficient Opportunity (QIO).

d. Conduct a bank review (Re-screen).

e. A recommendation by the board for an eligible officer for any command, as a QIO for any command, or the re-screen of an officer in the bank for any command, is a determination by the board that the officer meets the command screening requirements of reference (b) regarding all categories of command considered by the board. Per reference (c) the Type Commander must review and approve the board results and is specifically granted authority to shift command screened officers between the command categories recommended by the board, provided the officer meets the eligibility criteria listed in enclosure (3) for that category of command.

3. Board Authorized Selections. The maximum number of candidates that may be recommended in each competitive category is listed below. All officers within each competitive category have been screened to ensure compliance with the eligibility criteria as outlined in enclosure (3). Individuals may be recommended for selection in only one competitive category (Selection for QIO is addressed in paragraph 3b). Flow between competitive categories is diagrammed in enclosure (4).

a. The board need not select to the numbers provided. The authorized number to select should only be attained if there are a sufficient number of candidates determined fully qualified. Should the board deem that an insufficient number of officers of major command caliber exist in a particular competitive category, this finding will be included in the board report.

b. Qualified/Insufficient Opportunity. In each competitive category there may be officers whose records clearly meet selection criteria, but miss selection because of limited quotas. The board should identify such officers to the recorder and those names will be annotated in the recorder’s ledger. In the board report, officers selected for QIO will be ranked in order of merit within each competitive category. However, the QIOs will not be published to the Navy or the public.

(1) The selection of QIOs is authorized for all competitive categories listed in paragraph 3.
Subj: ORDER CONVENING THE FY-20 ACTIVE-DUTY AVIATION MAJOR
COMMAND SCREEN BOARD

(2) Unlike a recommendation for selection, an individual
may be recommended as a QIO in multiple competitive categories.
The recommended maximum may be exceeded by majority vote of the
board.

(3) Should a need arise during the year for an
additional officer to fill a major command, an officer so
identified in the board report shall be considered qualified and
additional administrative screen procedures need not be pursued.
Officers shall be selected from the board report according to
order of merit and subject to assignability.

(4) QIOs may be on multiple QIO lists until such time as
the individual is required to fill a major command billet. Once
the QIO officer has been notified of the intent to employ
him/her in a specific major command billet, he/she is considered
a major command select.

4. **Additional Guidance.** The below information is provided to
clarify community requirements and any specific needs, but in no
way should replace the best and most fully qualified standard of
reference (a).

   a. Proven and sustained superior performance in command or
      other leadership positions in difficult and challenging in-
      service assignments, Joint assignments, Individual Augmentation
      assignments, and Global War on Terrorism Support assignments is
      the definitive measure of fitness for selection. Furthermore,
      successful performance and leadership in combat conditions
      demonstrate exceptional selection potential and should be given
      special consideration. Each board member shall apply this
      guidance when deliberating and voting.

   b. In deciding between assignments afloat or ashore, the
      board must be aware that it is determining the competitive
      fields for future assignment and selection beyond the immediate
      major commands under consideration.

   c. **Competitive Categories.** Eligibility and selection order
      for each competitive category is outlined in enclosure (3). In
      addition to eligibility, specific selection guidance for a
      particular competitive category is listed below. Not all
      competitive categories will have specific selection guidance.

      (1) **Sequential Command at Sea (CVN).** Special
          consideration for selection to Sequential Command at Sea should
          be given to an officer’s breadth of experience to include major
          staff and joint duty assignment.

      (2) **Major Command at Sea (Nuclear Power Pipeline).**
          Officers selected for Major Command at Sea (Nuclear Power
          Pipeline) create a bank of eligible officers for further
          screening by the Director, Naval Nuclear Propulsion Program.
          Following selection by Naval Reactors and successful completion
          of training, these officers will be assigned as CVN Executive
          Officers, followed by assignment as commanding officers of a
          deep draft ship. They will ultimately form a pool from which
          CVN commanding officers will be selected. To preserve
          eligibility for promotion to flag officer prior to statutory
          retirement, the board should give due consideration to the
          selection of officers who have the ability to complete the
Subj: ORDER CONVENING THE FY-20 ACTIVE-DUTY AVIATION MAJOR COMMAND SCREEN BOARD

program and satisfy full Joint Officer Qualification statutory requirements prior to 29 years of commissioned service. This goal in no way replaces the basic tenet of selecting the best and most fully qualified candidate.

d. Bank Review (Re-screen). To ensure that standards of performance are maintained, the records of those officers previously selected to major command, who have not yet completed their training pipeline for major command, shall be reviewed. Board members should review these records for indications of a significant decline in performance or for material submitted subsequent to the last board, which casts doubt upon their qualifications for major command. Those officers whose records, in the opinion of a simple majority of the board members, contain indications of declining performance shall be reported to the Deputy Chief of Naval Personnel. This report shall include a recommendation regarding their continuance on the Aviation Major Command List.

FY-20 ACTIVE-DUTY AVIATION MAJOR COMMAND SCREEN BOARD

ELIGIBILITY CRITERIA

1. FY-20 Active-Duty Aviation Major Command Screen Board (AMCSB) Eligibility. Overall eligibility for the FY-20 AMCSB has been determined by PERS-43 personnel based on officers meeting the criteria listed below. As promotion zones are not strictly aligned with year groups, individuals are designated into Screen Groups (SG) as set forth in the annual Promotion Zone Forecast message.

a. In-Zone (IZ) Officers. For the FY-20 AMCSB, Active-Duty (AD) Unrestricted Line (URL) officers (13X0 designators) receiving their first "look" (IZ look) are those officers selected for promotion on the FY-19 AD 0-6 Line Promotion Selection Board.

(1) Officers who are not eligible for any specific competitive categories in the FY-20 AMCSB, but meet the requirements in paragraph 1a are considered to have received their first "look" for major command. Eligibility for a specific competitive category is outlined in section 4. "Competitive Category (Tank) Eligibility."

(2) Those AD officers receiving their first "IZ look" during the FY-20 AMCSB are referred to as SG-98.

(3) All officers eligible for captain on the FY-19 AD 0-6 Line Promotion Selection Board who failed to select for promotion to captain will NOT be included in FY-20 AMCSB SG-98 for their first "look." A URL officer's first "look" will occur only after the individual has been selected for promotion to captain, regardless of whether the promotion was an IZ promotion or an Above-Zone (AZ) promotion.

b. Above-Zone (AZ) Officers. The group of AD AZ officers receiving their second "look" (AZ Look) are referred to as SG-97. SG-97 is composed of:

(1) Officers previously considered for Aviation Major Command by the FY-19 AMCSB as IZ candidates, but not selected.

(2) Officers who selected for promotion on the FY-18 AD 0-6 Line Promotion Selection Board, but due to annual major command quotas and/or specific competitive category eligibility requirements, were not eligible for any competitive categories in the FY-19 AMCSB.

Enclosure (3)
FY-20 ACTIVE-DUTY AVIATION MAJOR COMMAND SCREEN BOARD
ELIGIBILITY CRITERIA

c. Independent Tanks. The pool of officers eligible for Sequential Command at Sea (Nuclear Aircraft Carrier (CVN) and Major Command at Sea (Nuclear Power Pipeline) are not associated with screen groups. Eligibility for these competitive categories has been determined by PERS-43 personnel based on the officer meeting the criteria listed in paragraph 4.

d. Bank Review (Re-screen). Officers previously selected to major command, but who have not yet completed their training pipeline for major command, shall be reviewed. The completion of the training pipeline is defined to be the assumption of command for non-fleet up units or the assumption of the executive officer/deputy commander/chief of staff position for fleet-up units.

   (1) For Major Command at Sea (Nuclear Power Pipeline), selectees shall be rescreened until the individual takes command of a deep draft vessel.

   (2) To ensure sustained superior performance, the re-screened selectees are only under review for indications of a significant decline in performance or for material submitted subsequent to the last board which cast doubt upon their qualifications for major command. Selectees are not to be considered for a change in competitive category. They are only reviewed for continuance in the previously selected major command category.

e. Disqualifying Events

   (1) Previously Selected/Slated Officers. Those officers who have been previously selected for and slated to major command are ineligible for subsequent major command selection with the exception of Sequential Command at Sea (CVN, PHIBRON), or a medical disqualification preventing billet assumption.

   (2) Major Program Management (MPM) Command. Those officers formally accepting MPM-eligible designation from the Naval Air Systems Command Major Acquisition Command slating panel are ineligible for subsequent major command selection.

   (3) Declining Command. Any officer who previously declined Aviation Commander Command or Aviation Major Command is ineligible for the FY-20 AMCSB.
FY-20 ACTIVE-DUTY AVIATION MAJOR COMMAND SCREEN BOARD
ELIGIBILITY CRITERIA

(4) "Don't Pick Me" Letter Submission. Any officer who submitted a "Don't Pick Me" letter in any previous Aviation Commander Command Board or Aviation Major Command Board is ineligible for the FY-20 AMCSB.

(5) Resignation, Retirement, and Lateral Transfer
Effective at 0800 on 29 October 2018, all officers with an approved resignation or retirement or who have been selected for lateral transfer to another community are not eligible for the FY-20 AMCSB.

2. Command Classifications

a. Fleet Replacement Squadron (FRS) Commanding Officers
For the purposes of this board, members selected for operational command who served as the commanding officer of an FRS in lieu of an operational command shall be considered operational commanders. For eligibility purposes, successful completion of such an FRS command tour shall be equivalent to successful completion of an operational command tour.

b. Test and Evaluation Squadron Commanding Officers. For the purposes of this board, commanding officers of HX-21, VX-20, VX-23, VX-30, VX-31, and United States Test Pilot School (USNTPS) shall be considered Operational Training (OP-T) commanders. For eligibility purposes, successful completion of an HX-21, VX-20, VX-23, VX-30, VX-31, UX-24 or USNTPS command tour shall be equivalent to successful completion of an OP-T command tour.

c. Operational Training (OP-T) and Special Mission (SM) Commands. The classification of OP-T and SM commands has evolved to align with the changing demands of the Naval Aviation Enterprise and U.S. Navy. To avoid confusion with respect to eligibility for specific competitive categories within the FY-20 AMCSB, the following definitions shall be applied to all non-operational Commander Commands. These classifications will apply regardless of the non-operational Commander Command's classification either at the time of selection or at the time of execution.

(1) OP-T Commands. The following is an all-inclusive list of non-operational Commander Commands that are classified as OP-T Commands for the FY-20 AMCSB:
FY-20 ACTIVE-DUTY AVIATION MAJOR COMMAND SCREEN BOARD

ELIGIBILITY CRITERIA

(a) All Type Wing (TYPEWING) Weapons Schools
(b) Airborne Mine Countermeasures Weapon Systems Training School (AWSTS)
(c) Tactical Air Squadrons (TACRON)
(d) All Training Squadrons (TRARON, VQ-7)
(e) All Developmental Test Squadrons (HX, VX, UX)
(f) Scientific Development Squadron (VXS-1)
(g) All Air Force Flying Training Squadrons/Naval Aviation Training Units (NATU)

(2) SM Commands. For the FY-20 AMCSB, the Commander Commands that are classified as SM Commands are all non-operational Commander Commands that are not classified as OP-T Commands as defined in paragraph 2c(1). Unlike the list of OP-T Commands, the following list of commands is not all inclusive of the units commanded by SM commanding officers and is provided for example purposes:

(a) Navy Recruiting Districts
(b) Navy or Consolidated Brigs
(c) Fleet Area Control and Surveillance Facilities
(d) Provincial Reconstruction Teams
(e) Naval Ocean Processing Facilities
(f) Military Sealift Command (MSCO)

Note 5: CDS (O) designation not required for HM community.

Note 6: Must be O-5 and not be O-6 Select or FSE, must have at least one competitive FITREP as CP CO.

### 4. Competitive Category (Tank) Eligibility

An officer’s eligibility for a particular tank is determined by an individual’s FY-20 AMCSB eligibility per paragraph 1 and by fulfilling the specific eligibility criteria provided below.

#### a. Sequential Command at Sea (CVN) Eligibility

Sequential Command at Sea (CVN) selections will be made from officers in the Aviation Nuclear Power Program. Eligible officers shall be in command or have completed command of a deep draft vessel. Additionally, eligible officers must have no less than 35 months from the board convening to 30 years of commissioned service.

#### b. Major Command at Sea (Nuclear Power Pipeline)

Due to the length of the overall Nuclear Power Pipeline, from selection through CVN Command, it is critical that each selected officer meets the best and fully qualified standard. For this category, the best and fully qualified standard should include, but not limited to, professionally qualified, academically qualified, documented superior performance in command, a demonstrated desire to enter the program and the ability to complete the
program and satisfy full Joint Officer Qualification statutory requirements prior to 29 years of commissioned service. All officers within this competitive category will have been determined to have met the following eligibility criteria:

(1) Shall not be selected for promotion to O-6 and have not previously failed to select to O-6. Candidates are not distributed among SGs since a specified command opportunity is not associated with this category of command.

(2) Completed, at a minimum, a department head, and/or executive officer/commanding officer tour (XO/CO) in a Carrier Air Wing (CVW) squadron. CVW squadron is defined as Helicopter Maritime Strike Squadron (HSM), Helicopter Sea (HS), Helicopter Sea Combat Squadron (HSC), Electronic Attack Squadron (VAQ), Carrier Airborne Early Warning Squadron (VAW), Fighter Squadron (VF), Strike Fighter Squadron (VFA), and Sea Control Squadron (VS) commands whose Immediate Superior-In-Command (ISIC) was a CVW Commander. Officers who served as officer-in-charge (OIC) of an HSL/HSM or VRC detachment, and who completed a deployment as Det OIC embarked on board a CVN in support of an embarked CVW, shall also be considered to have met the eligibility requirement of the subparagraph.

(3) Formally designated as Command Duty Officer (CDO) (Underway) or have been qualified as Fleet Officer of the Deck (OOD) (Underway).

(4) Successfully completed an operational squadron command tour or currently serving in such command with at least one observed competitive fitness report. OP-T and SM COs are not eligible for Major Command at Sea (Nuclear Power Pipeline).

(5) Determined to be academically eligible by the staff of the Director, Naval Nuclear Propulsion Program. Eligible officers shall have a strong academic background in a technical curriculum or strong measured academic potential.

c. Major Command at Sea (CVW). All officers within this competitive category will have been determined to have met the following eligibility criteria:

(1) Originate from the URL AD SG-97 and SG-98 officers from the HSM, HSL, HS, HSC, VAW, VFA, VAQ, and VRC communities.
(2) Served, at a minimum, as a department head, XO, or CO in a squadron whose ISIC is a Carrier Air Wing Commander. Officers who served as OIC of an HSL/HSM or VRC detachment, and who completed a deployment as Det OIC embarked on board a CVN in support of an embarked CVW, shall also be considered to have met the eligibility requirement of the subparagraph.

(3) Platform diversity is desired for CVW selection and all qualified 1310/1320 eligibles regardless of T/M/S should be considered equally.

(4) Successfully completed an operational squadron command tour. OP-T and SM commanding officers are not eligible for Major Command at Sea (CVW).

(5) Formally designated as CDO (Underway) or have qualified as Fleet OOD (Underway).

(6) Officers eligible for, but not selected for Major Command at Sea (CVW) remain eligible for follow-on competitive categories, assuming the non-select meets all eligibility requirements for the specific competitive category under consideration.

(7) CVW command shall be the first competitive category for the HSL, HSM, HS, HC, HSC, VAW, VRC, VFA, and VAQ communities.

d. TYPEWING Command. All officers within the competitive categories listed below will have been determined to have met the following eligibility criteria:

(1) Originate from the URL AD SG-97 and SG-98 officers, with the exception that within the VFA community, only SG-97 officers will be considered.

(2) Successfully completed an operational command tour. OP-T and SM commanding officers are not eligible for TYPEWING Command.

(3) Meet waterfall selection and continued eligibility criteria.
FY-20 ACTIVE-DUTY AVIATION MAJOR COMMAND SCREEN BOARD
ELIGIBILITY CRITERIA

(a) Eligible officers shall be those individuals not selected for Major Command at Sea (CVW) (if eligible).

(b) Officers not eligible for Major Command at Sea (CVW) remain eligible for TYPEWING Command if they meet all other eligibility requirements listed in paragraph 4d.

(4) Major Command at Sea (Patrol and Reconnaissance Wing) eligible officers will come from the Maritime Patrol and Reconnaissance (VP and VQ(P)) community. Patrol and Reconnaissance Wing command selections will be the first competitive category chosen for VP and VQ(P).

(5) Major Command at Sea (Strategic Communications Wing) eligible officers will come from the Fleet Air Reconnaissance Squadron (VQ(T)) community. Strategic Communications Wing command selections will be the first competitive category chosen for VQ(T).

(6) Major Command Ashore (Helicopter Maritime Strike Wing) eligible officers will come from the HSL and HSM community.

(7) Major Command Ashore (Helicopter Sea Combat Wing/ Fleet Logistics Multi-Mission Wing (VRM)). Helicopter Sea Combat Wing eligible officers will come from the HM, HS, HC, and HSC communities. Fleet Logistics Support Multi-Mission Wing rotary wing contribution of eligible officers will come from the HS, HC, and HSC community.

(8) Major Command Ashore (Fleet Logistics Multi-Mission Wing (VRM)) fixed wing contribution of eligible officers will come from the VRC community.
