The MyNavy Career Development Symposium (CDS) will be visiting Joint Base Pearl Harbor-Hickam Jan. 16-17. Sailors will have the opportunity to learn the latest about Sailor 2025 and the personnel modernization transformation.

Led by Chief of Naval Personnel Vice Adm. Robert Burke, key topics will include: The Navy the Nation Needs, MyNavy Career Center, the Performance Evaluation Transformation, Detailing Process and Placement, Enlisted Advancement, Modern Training Delivery (Ready Relevant Learning), My Navy Portal, special interest topics and more.

Following presentations, a leadership panel hosted by CNP will provide an opportunity for Sailors of all ranks to ask questions about career management and policy changes.

Sailors will also be able to meet face to face with detailers and community managers to discuss orders, career paths, and ask questions. Chiefs, especially, are encouraged to bring their Professional Apprenticeship Career Track (PACT) Sailors to discuss rating assignments. PACT Sailors may potentially leave CDS with a rate.

The symposium is scheduled for two days at Sharkey Theater with two sessions each day. The E1 – E6 sessions are Wednesday, Jan. 16 starting at 0730 and 1245. The CPO and Officer sessions are Thursday, Jan. 17 starting at 0730 and 1200.

Don’t miss this valuable chance to meet with top Navy leadership, including Chief of Naval Personnel, enlisted community managers and detailers.
