

HUMANITARIAN REASSIGNMENTS

PERS-40HH

Being a Sailor comes with large responsibility to the Navy and to the Navy family. Sometimes difficult situations arise that are not normal or cause undue hardship on a Sailor or the immediate family of a Sailor. For these instances, Humanitarian Reassignments (HUMS) can provide a Sailor time and relocation for short-term hardship situations and give Sailors the opportunity to alleviate that hardship. HUMS reassignments should be utilized in extremely unordinary circumstances and when no other solution seems viable. For more information regarding the requirements for HUMS, please visit MILPERSMAN 1300-500. This article is currently being updated to reflect that all approved HUMS will be funded PCS transfers to the location requested.
