CWO 782X (INFORMATION PROFESSIONAL)

DESIGNATOR DESCRIPTION

Chief Warrant Officer supports the war-fighting capability and readiness of Naval Forces through leadership, technical proficiency, and experience. We are the primary manpower source for technically specific billets not best suited for traditional Unrestricted Line, Restricted Line or Staff Corps career path Officers. Using critical enlisted experience, we are committed to the continuous leadership, improvement, training and mentoring of Sailors. Information Professional Technicians serve as an officer technical specialist in the field of informations systems, communications (fixed/mobile) suites, satellite communications systems, knowledge management and information assurance. They plan and direct the installation of equipment and administer the operations and maintenance of data processing installations.

They may serve as, but are not limited only to serving as, Ship Communications Officers, ADP Manager or EKMS manager, Information Assurance Manager; Naval Computer Telecommunications Area Master Station(NCTAMS) Naval Computer Telecommunications Station(NCTS) as Joint Fleet Telecommunications Operations Center Watch Officer (JFTOC), Global Network Operations Center as Battle Watch Captain, OIC Mobile Ashore Support Team's and NCTS detachments, Command Duty Officers, C4I officers at various operational and staff billets.
