1. **Policy.** Agreements by reservists to remain on active duty must be within the term of their enlistment, or enlistment as extended. If reservists accept recall to active duty beyond the terms of their current enlistment, or enlistment as extended, such obligation may be incurred by NAVPERS 1070/621 (Rev 01-00), Agreement to Extend Enlistment, provided such agreement does not exceed a total aggregate of 48 months when combined with previous extensions on a single enlistment contract. If a recalllee's total extensions will exceed 48 months, the member must reenlist USNR on the date of recall, for a period that equals or exceeds the active duty obligation.

2. Procedures

a. Reservists accepted for voluntary recall to active duty, for a period of 30 days or more including the Active Duty for Special Work (ADSW) and Training and Administration of Reserve (TAR) programs (less Active Duty for Training (ACDUTRA)), are required to complete NAVPERS 1070/622 (Rev. 01-00), Agreement to Recall or Extend Active Duty, sections 1 and 2, for the entire period of obligated service indicated on the recall authorization. Reference (a), parts 8 and 9, provides guidance on preparation.

b. A NAVPERS 1070/622 must be prepared for the entire amount of obligated service. Reservists in the Active Mariner

and SAM programs are not required to complete a NAVPERS 1070/622 to cover the initial period of active duty.
