NAVY ENLISTED OCCUPATIONAL STANDARDS

FOR

NAVY DIVER (ND)

SCOPE OF RATING

Navy Divers (ND) perform underwater salvage, recovery, repair, and maintenance on ships and submarines; search for and recover downed aircraft; conduct harbor clearance operations; provide assistance to military, federal, state, and local civilian law enforcement agencies in diving operations and procedures; maintain and repair diving equipment and systems; research and develop new diving techniques and procedures; conduct submarine rescue operations; maintain forms, records, correspondence, and files; and perform and supervise recompression chamber operations, hyperbaric treatment for diving and non-diving illnesses, open and closed-circuit Underwater Breathing Apparatus (UBA) diving, surface-supplied air and mixed-gas diving operations, demolition operations, and small arms proficiency.

These Occupational Standards are to be incorporated in Volume I, Part B, of the Manual of Navy Enlisted Manpower and Personnel Classifications and Occupational Standards (NAVPERS 18068F) as Chapter 44.

GENERAL INFORMATION

CAREER PATTERN

Normal path of advancement to Chief Warrant Officer and Limited Duty Officer categories can be found in OPNAVINST 1420.1.

SPECIAL PHYSICAL REQUIREMENTS

Applicants must meet medical standards as specified in NAVMED P-117, Article 15-102, Diving Duty. Normal color perception and vision 20/100 correctable in each eye to 20/20 (refer to Chapter 15 of the Manual of the Medical Department, U.S. Navy for details on these requirements).

CITIZENSHIP/SECURITY REQUIREMENTS

Must have U.S. citizenship and must be eligible for access to classified information.

OTHER REQUIREMENTS

History of drug abuse is disqualifying.

SAFETY

The observance of Operational Risk Management (ORM) and proper safety precautions in all areas is an integral part of each billet and the responsibility of every Sailor; therefore, it is a universal requirement for all ratings.
