The Keep What You’ve Earned campaign seeks to encourage responsible drinking among Sailors by celebrating the achievements in their Navy careers. Through recognition of their hard work and dedication, Sailors are reminded of their accomplishments—and how much they have to lose if they make poor choices regarding alcohol. The campaign actively engages Sailors as advocates for responsible drinking.

**WHAT YOU CAN DO**

Support from every level of Navy leadership is vital to creating an environment that encourages responsible use of alcohol.

- Empower Sailors to make responsible decisions by reminding them of their accomplishments.
- Engage your alcohol abuse prevention personnel to stay aware of alcohol-related issues and proactively address emerging problems.
- Set expectations by modeling responsible drinking behaviors.
- Be consistent in your message and address alcohol incidents immediately.

**RESEARCH SHOWS...**

- Sailors primarily drink because of stress related to the workplace, their families and life changes.
- Repetitive messaging doesn’t resonate and is likely to be ignored.
- Sailors respond better to positive messaging because they believe they are being treated like responsible adults.
- Messages regarding immediate career consequences (losing money, rate or financial opportunities) resonate more than those focused on severe, long-term consequences.
