

Family Update Program

The Defense POW/MIA Accounting Agency (DPAA) sponsors the Family Update Program. These briefings highlight the U.S. Government's efforts to provide the fullest possible accounting for our missing personnel to their families and the nation.

Family Updates are conducted in different geographical areas five to nine times a year throughout the United States. Site selection for a Family Update is based on accessibility and the number of family members living within a 350-mile radius of the site location. Family members are afforded an opportunity to ask case specific questions of POW/MIA agency representatives.

If you are a family member of an unaccounted-for Sailor please see the below link for future Family Updates. Also, if you would like to attend an upcoming Family Update you can register at the below link or call: 1-800-443-9298.
