

PMW 740

INTERNATIONAL C4I INTEGRATION PROGRAM OFFICE

WHO WE ARE

As the centralized provider for C4I capabilities, the International C4I Integration Program Office (PMW 740) is one of the Navy's Foreign Military Sales (FMS) organizations that provides integrated solutions for international customers in support of US National Security and foreign policy objectives

PRIORITIES

Strengthen Partnerships

Continue to expand and build our relationships with the COCOMs and partner nations

Provide C4I Expertise

Execute Geographic Combatant Commander (GCC) priorities and provide C4I technical support to other SYSCOMs/Agencies for a "Mission Focus Approach"

Interoperability

Integrate PEO C4I capabilities or Commercial Off the Shelf (COTS) into indigenous environments to enable our allies and partners to operate in joint and combined forces
