### *Space and Naval Warfare Systems Command Awards Contract*

SAN DIEGO - ViaSat, Carlsbad, Calif., is being awarded a \$5,521,059 firm-fixed-price delivery order for multifunctional information distribution system-low volume terminals (MIDS-LVTs). The MIDS-LVT provides secure, high capacity, jam resistant, digital data and voice communications capability for Navy, Air Force and Army platforms. This delivery order combines purchases for the United States (64 percent) and the government of Australia (36 percent) under the Foreign Military Sales program. Contract funds in the amount of \$723,211 will expire at the end of the current fiscal year. Work will be performed in Carlsbad, Calif. (30 percent), and in various other sites worldwide (70 percent). Work is expected to be completed by Feb. 28, 2012. This contract was competitively procured via the Space and Naval Warfare E-commerce website, with two offers received. The synopsis was released via the Federal Business Opportunities website. Space and Naval Warfare Systems Command, San Diego, Calif., is the contracting activity (N00039-10-D-0032).
